COGNAC

SINGLE CASK

LIMITED CASK-STRENGTH COGNAC

Offered as a limited edition, this cask-strength Cognac was selected by Fanny, our cellar master, for its intrinsic qualities and strong aromatic potential. The eaux-de-vie from this exceptional vintage began ageing in new French oak barrels with mixed grain, then finished developing in old red barrels so time, oxidation and evaporation could shape a melted, harmonious and rich aromatic palette.

TASTING

NATURALLY WOODY, BOTTLED AT 51%

A single barrel was chosen for its aromatic richness and the softness of its aromas. No wood extract or sugar was added. It was gently reduced with distilled water and bottled at 51%.
